Lp RESILIENT SERVICES

Monitoring, Evaluation and Learning (MEL) Specialist

Hiring organization
Lp RESILIENT SERVICES

Description
Our organization requires the service of a Monitoring, Evaluation and Learning (MEL) Specialist.

Job Location
Washington, DC, USA

Date posted
October 9, 2023

Responsibilities

- Monitoring, Evaluation and Learning (MEL) Specialist will be responsible for developing the content for the deliverables identified in this contract.
- MEL Specialist must have knowledge of logic models, performance monitoring, and international development technical assistance.
- The MEL specialist is expected to provide virtual trainings in addition to all basic services related to labor.
- Demonstrated familiarity with Systems Thinking and Complexity Science (STCS) and Culturally Responsive Evaluation (CRE) are preferred.
- Demonstrated experience developing spreadsheet tools in Microsoft Excel or similar applications.
  • Demonstrated experience developing monitoring, evaluation, and learning training materials, curricula, and providing virtual trainings and technical advice and support on monitoring, evaluation, and learning topics.

Qualifications

- Master's degree or higher in related field.
- Monitoring, evaluation, and learning Specialist must have at least 5 years of developing logic models and indicators for international technical assistance projects, contracts or agreements.
- Must have experience with complexity-aware monitoring, evaluation, and learning (CAMEL) and project management and design concepts, and Collaboration, Learning and Adaptation (CLA) or Adaptive Management concepts.
- Recent experience (within the past two years) developing guidance, resources and/or tools for monitoring, evaluation, and learning.

- Fluent in English and/or Spanish, both written and speaking.
- Ability to produce high quality deliverables in proficient English in a timely fashion.
